

HOME HYGIENE

HOME HYGIENE

SMAPU GROUP has been the first company in Italy to understand the potential of bleach tablets, a category in which we are nowadays the market leader and which we offer in different fragrances and counts, today available also in the totally plastic-free Luxury packaging.

We focused through years on Detergents and Laundry Additives, enriching our offer with Citric Acid, Sodium Percarbonates, Lye, Pet Hair Dissolver and Washing Soda. We also replaced the classic plastic packaging with the eco-sustainable cardboard cups receiving a great appreciation for saving up to 200 tons of plastic packaging every year.

In 2024 SMAPU GROUP launched an innovative range of detergent powders including Laundry Softeners, Floor Cleaners and WC Descaler.

The offer is completed by Dishwasher and Laundry Machine Cleaner Tablets (of course in plastic free case), by a range of pre-toilet fragrances and by 2 sprays to eliminate bad smells from the waste bags.

SMAPIU[®]

SMAPIU' CITRIC ACID

CITRIC ACID is a compound naturally occurring in citrus fruits, it comes in the form of scentless powder or granules and thanks to its strong descaling power is a versatile detergent for daily housekeeping.

It can be used as:

- fabric softener in the washing machine;
- rinse aid in the dishwasher;
- limescale remover for sanitaryware and shower box;
- descaling agent for toilet or dishwasher and washing machine;
- descaling agent for coffee machines;

Due to its natural origin, **CITRIC ACID** is the detergent with the lowest impact on our environment, e.g. 50 times less than vinegar.

SMAPIU' CITRIC ACID is available in two versions:

- Ready to use water solution of 500ml in recycled plastic spray bottle
- Granules in Plastic free Cardboard cup of 500g.

SMAPIU' THE FIRST SUPER PERFUMED FLOOR CLEANER POWDER

THE FIRST SMAPIÙ FLOOR CLEANER 400g SUPER PERFUMED POWDER is available in our cardboard cup in 2 fragrances: citrus and white flowers with argan.

This is a real challenge to traditional liquid floor cleaners:

1. All the liquid floor cleaners contain 97% water;
2. All the liquid floor cleaners contain no more than 1% of cleaning active ingredients; 1% is the chemical-physical limit to keep active cleaning ingredients and scent in a transparent solution.

THE FIRST SMAPIÙ FLOOR CLEANER SUPER PERFUMED POWDER has a concentration of active cleaning ingredients and scent which is more than 4 times higher than any liquid floor cleaner.

Moreover, being waterless it can provide remarkable saving on the cost of transport, a reduction of pollution and a greater eco-sustainability, furtherly increased by the 100% plastic free packaging.

Using instructions are very simple: consumers only need to dissolve 10g of **SMAPIÙ FLOOR CLEANER SUPER PERFUMED POWDER** in a bucket with 3-4 litres of hot water and then wash the floors as usual.

SMAPIU' LAUNDRY BOMB

It is a new washing formula in crystals with premium quality in terms of washing and perfuming your laundry.

The crystals will dissolve very fast and leave no residuals in the machine.

It can work starting from 30°C, even with short cycles.

It is available in a plastic free cardboard cup of 500g, corresponding to 30 washes.

SMAPIU' SPORT CLOTHS WASHING POWDER

It is a washing powder specifically conceived for sport garments in technical fibres, both coloured and white.

Its formula contains enzymes which are particularly efficient on sweat stains and ingredients deodorizing and sanitizing technical fibres.

It is available in a plastic free cardboard cup of 500g, corresponding to 30 washes.

SMAPIU' THE FIRST SUPER PERFUMED LAUNDRY SOFTENER POWDER

The **FIRST SUPER PERFUMED LAUNDRY SOFTENER 400g POWDER** is available in our cardboard cup in two fragrances: Flowers Bouquet and Provencal Lavender.

Considering the enormous sell-out of the category, this is an even more important challenge:

1. All current liquid softeners contain mostly water;
2. All current liquid softeners can contain maximum 12% active ingredients and no more than 1% scent.

The **FIRST SUPER PERFUMED LAUNDRY SOFTENER POWDER** contains active ingredient and scent in a concentration 7 times higher than any liquid softener.

Moreover, being waterless it can provide remarkable saving on the cost of transport, a reduction of pollution and a greater eco-sustainability, furtherly increased by the 100% plastic free packaging.

Using instructions are very simple: consumers only need to put 20g of SMAPIU' LAUNDRY SOFTENER POWDER in the tray of softener in the washing machine and proceed as usual.

SMAPIU' SODIUM PERCARBONATE

SMAPIU' ACTIVATED SODIUM PERCARBONATE is an ecological and non-polluting bleaching agent, which is mainly used to remove stains and sanitize the laundry by hand and in the washing machine.

Thanks to the **ACTIVE** oxygen that is released yet at only 30-40 C, it can clean, bleach and sanitize also at low temperatures respecting the fabric.

SMAPIU' ACTIVATED SODIUM PERCARBONATE is available in 4 different versions:

- **FOR COLORED GARMENTS:** removes stains respecting the colours of your garments;
- **FOR WHITE GARMENTS:** has in addition the optical whiteners that will make bright and shiny white garments, once dried;
- **PERFUMED:** removes stains and gives to your garments a fresh flower scent;
- **FOR BLACK GARMENTS:** a respectful and efficient stain remover specially conceived for dark garments.

SMAPIU' ACTIVATED SODIUM PERCARBONATE is available in a plastic free (100% paper) jar of 500g with closing lid.

SMAPIU' PET HAIR DISSOLVER

SMAPIU' PET HAIR DISSOLVER is the additive for dissolving and removing pet hair from the laundry in the washing machine; thanks to its features it can be indifferently assorted in Pet Care, Laundry or Home Hygiene shelf with excellent performances.

During washing, all the hair is immediately removed from the fabric, then it is agglomerated and finally softened and totally dissolved without any residual in the machine filter.

SMAPIU' PET HAIR DISSOLVER is ideal for garments in contact with pets, but also for pet bedding, towels and blankets, it can also be used on an empty washing cycle to remove previous hair residuals from the machine.

For pet hair removal add 2-3 spoons (50-60 grams) of **SMAPIU' PET HAIR DISSOLVER** to the usual detergent and run the washing program at 80°-90°C suggested temperature.

SMAPIU' PET HAIR DISSOLVER is available in a plastic free 500 jar with closing lid.

SMAPIU' LYE - TRADITIONAL WASHING POWDER

SMAPIU' LYE is the new SMAPU GROUP natural formula as Citric Acid and Washing Soda.

It is an eco-friendly natural compound which has been used since ancient times for housekeeping: from laundry to crockery, floors, sanitary fixtures, etc.

Lye is a very ancient natural blend traditionally coming from the wood ashes: it is composed of natural raw materials which are respectful of fabrics and once they have been disposed are not harmful to the ecosystem.

Lye powder is ideal for washing linen, both by hand and in the washing machine. It can be also used as washing-up detergent providing clean dishes easily removing oil, grease and stubborn stains. Well-known for its remarkable efficiency as stain remover from the clothes it is also very versatile for many housekeeping purposes.

It is very easy to use:

1. In the washing machine: add 2-3 spoons in the tray or directly in the drum;
2. For handwash: dissolve 2-3 spoons in water and then soak the clothing;
3. For washing-up: rub the lye directly on the crockery with a wet sponge;
4. For surfaces as tiles, sanitaryware, etc. dissolve 2-3 spoons in 750ml of water in a spray bottle.

SMAPIU' LYE is available in a **plastic free** (100% paper) jar of 500g.

PURE WASHING SODA SODIUM CARBONATE

Sodium Carbonate, well-known as washing soda or soda ash, is a natural raw material which has been used for over 5,000 years: The ancient Egyptians used it to produce soaps and mixtures for fabrics' washing.

Nowadays, washing soda is suitable for multiple purposes as removing stubborn oily dirt from surfaces, cleaning the oven, clean empty oil and wine bottles, eliminating soot deposits, sanitizing the WC, removing unpleasant odours, boosting the power of bio-detergents, and many others.

Pure Washing Soda - Sodium Carbonate is an ecological and sustainable raw material which sanitizes, degreases, washes, bleaches, and neutralizes unpleasant smells.

Pure Washing Soda - Sodium Carbonate is available in a plastic free (100% paper) jar of 500g.

ANTES WC ODOURLESS PRE-TOILET SPRAY

ANTES WC ODOURLESS is a blend of natural essential oils preventing the classic unpleasant odours of the bath even before they begin, allowing us to leave the bath more scented than before.

The process consists in a very simple physical concept: the essential oil, lighter than water, create an invisible coat which inhibits the smell to come out.

Furthermore, the misting involves the WC's internal walls, preventing inelegant signs.

USER INSTRUCTIONS: All it takes is a good shake, then make 3-4 sprinkles directly into the surface of the toilet bowl and in the water and then proceed with the usual and classic operations.

ANTES WC ODOURLESS can also be used to eliminate any smell coming from the bin containing organic waste, the baby's dirty nappy etc., even in this case 3-4 sprinkles are enough to obtain immediately the result. Antes WC odourless is made in the vanilla, mint, citrus, lavender, white moss and pine scents.

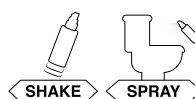

ANTES WC ODOURLESS is available in a 55 ml pocket spray, moreover, to facilitate the launch in new markets, we developed single-dose samples of 2 ml, which can be offered for free at the cash desk in order to allow the consumer test the product.

SMAPIU' DISHWASHER & WASHING MACHINE CARE TABS

SMAPIU' DISH WASHER CARE AND WASHING MACHINE CARE are two specific items for deep cleaning of the household appliances. These tablets remove grease and limescale remove the spraying arms up to the filter, keeping perfectly clean the internal parts.

USER INSTRUCTIONS: with the basket completely empty, insert a tablet inside the appropriate container and carry out a vacuum cycle with a 60 ° program. The value pack contains 5 tabs (20 grams each) coated with water-soluble film, the ideal frequency would be at least once a week or every 10/15 washes.

SMAPIU' DISH WASHER CARE and WASHING MACHINE CARE TABLETS release a pleasant and durable fresh lavender scent and are suitable for all types of dishwashers and washing machines, and prolong the life of household appliances.
